

English

We will be writing or narrating, inspired by the animation 'Black hat' and exploring one of the may popular books written by Anthony Horowitz- 'Stormbreaker'. We will then find out more about Walt Disney's life and talent, then write a biography all about the famous animator. Finally, in Science we will be learning all about fossils and rocks and will write information texts to share the knowledge we develop.

Geography In Geography we will continue to explore the human and physical features of a coastline and compare different beaches around the UK. We will then make links with our 'rocks and soils' topic to look at the different rocks around our coastline.

PSHE

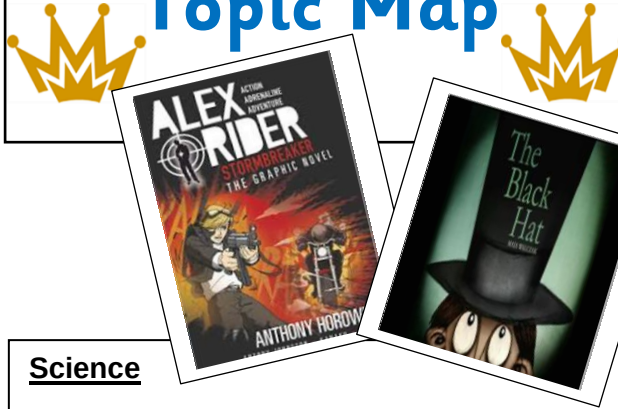

In PSHE, we will be exploring our last topic, all about Growing and Changing. We will spend time in individual year groups learning and building on existing knowledge and resolving any misconceptions along the way.

RE and World Views

We will be exploring Christianity. We will learn about why good stewardship and why generous giving, is important for every Christian?

Eagles Class Topic Map

Science

We will be learning all about different rocks and soils and how fossils are formed. What can we learn from fossils?

PE

We will be working on our core and social skills in preparation for Sports Day and our Up and Under coach will be helping us practise our athletic skills.

DT

We will be designing and creating a vehicle for Alex Rider to escape in. What resources will we need? What will provide a sturdy structure? How can we make the vehicle move quickly?

Maths

We will be exploring mass and capacity through practical tasks and problem-solving activities. Then we will be revising all the key topics explored this year as well as focusing on fluency skills such as mental arithmetic and number facts and speedy recall of number facts

Music

We will explore how to layer different accompaniments to different pieces of music.

History

In History, we will explore the life and achievements of Walt Disney and how he came to be such a famous animator. Who else has been inspired by him? Once we have completed our research, we will write a biography all about him. We will also be looking at the life of Mary Anning her significant find in the fossil world.

MFL

In French we will be learning how to talk about school life in France. We will learn how to communicate the time in French and explore the significance of Bastille Day and other important French celebrations.

Eagles Topic Vocabulary

Our Big Questions

What are the 3 main types of rock?

How are they formed?

What is a fossil?

How is a fossil formed?

What is the difference between 2D and
3D animation?

How has animation changed over time?

Our Key Vocabulary

- Metamorphic-formed under extreme pressure or temperature
- Sedimentary-formed at the Earth's surface
- Igneous-formed from lava
- Permeable-allow liquid or gas to pass through
- Soluble-dissolves in a liquid
- Fossil-preserved remains of life
- Particle-smallest amount of matter
