Opportunity Fund and Gift Aid

Hopefully people know that by ticking a box when donating money to a charity if you a UK tax payer then the Charity can claim gift aid and get an extra 25% donated from the Government. What many people don't realise is that as that gift aid total raised increases so does the charities ability to then claim on small donations gift aid. Small donations are all the amounts we get from non-school uniform days and bucket donations and we can claim an additional 25% from the government on those totals. So increasing our gift aid totals can significantly increase our total fundraising for the school at no extra cost. Bonus you only need to tell us your a UK tax payer once - filling out a form on one of your donations and then we can continue to claim on you future donations unless your circumstances change. One form= lots of extra fundraising money for the kids.

The Opportunity Fund is a way of donating money to be used on school trips for those pupils less fortunate plus it benefits from Gift aid and helps us with our gift aid small donations claim - Visit scopay if you wish to donate.
